

Introducing Tickets-for-Charity®

What if you could purchase great live event seats, at the same or better price you're currently paying, and create a donation to Charity for free? Wouldn't you do that? *Wouldn't a lot of people do that?* This is the driving principle behind Tickets-for-Charity. Through our Charitable Sale™ platform, we harness the power of passive giving to provide vital support to some of the nation's most respected Charities.

How Does Tickets-for-Charity Work?

Tickets-for-Charity works with leading Performing Artists, select Professional Sports Teams and over 85 Partner Charities to offer fans the opportunity to access high-demand seats – at the same or better price they find elsewhere – while supporting important charitable causes in the process.

1. Seats on www.ticketsforcharity.com are sold at face value (or Package value for VIP Packages) plus a pre-determined donation amount. The charitable donation is captured from the premium fans often pay unauthorized ticket brokers and scalpers, but given the option would much rather direct to charity.
 - 100% of the face value of each ticket is remitted back to the original ticket source.
 - 100% of the donation goes to Partner Charities (net direct transaction costs).
2. Partner Charities and Performing Artists participate for free on the platform.
3. Each event features an Artist-designated Charity and typically offers customers the opportunity to select additional Partner Charities of their choice to benefit from their purchase.
4. Tickets-for-Charity charges an industry standard per ticket service fee to operate the platform, fulfill ticket orders and distribute donations to partner charities.

Our Sports and Entertainment Partners

Tickets-for-Charity is proud to be working with some of the biggest names in sports and entertainment, such as:

Our Network of Partner Charities

Thanks to our loyal and passionate fans, Tickets-for-Charity has generated over \$4 million in charitable donations for our Partner Charities. We currently partner with over 85 Partner Charities including the following, among many others:
